Your dinner is going to be served in one of the most famous restaurants of the region, the Restaurant Da Iljia at the Tarvisio's Golf Club. Iljia, great Chef and Golfer, describes her restaurant in this way: "We let the nature and the seasons decide what will reach your table. The dishes we would like for you to keep in mind are coming from our ideas, through our hands.

We don't allow you to a trip in paradise, but to a joyful and happy gustative experience.

In the total respect of the seasons, you'll find on your plate only what they offer. The fish, mostly from our Adriatic sea, but also from our trusted fish farms, the vegetables of the moment, and possibly from our garden, high quality pasta and rice (our best friends). The moment of the truth, for us, is when the guests leave the restaurant.

In the light of their eyes, in the warmth of the words and in their way of squeezing hands, we find the positive answer to the quality of our hard work and our passion."

At last you'll be taken to your Hotel, l'Altro Gusto; located in Tarvisio, 200 meters away from the railway cabin of the Mountain Lussari. This Hotel offers a Solarium Rooftop and a beautiful view of the mountains, and it has a restaurant.

The rooms have flat screen TVs with satellite channels. The rooms have a coffee machine and are provided with private baths with bidet, shower and all the necessary washing products.

The day after finally it's time to play Golf! You'll be transferred with our assistant to the Bled Royal's Golf Club (Slovenia). The Royal Bled's Golf Course is one of the oldest and biggest golf fields in Slovenia. Its background started in 1937, lots of the visitors say that is one of the most beautiful golf fields in Europe. The structure includes 18 King holes and a golf lake of 9 holes. The unique position distinguishes the course and the highest Slovenian Alp mountain frames it. It attracts amateurs and professional players from all over the world.

We are very proud of the presence of the Royal Bled in the list of the Continental European Magazine's 100 Top Golf fields. In 2004 classified at the 49th position.

The golf field has 18 holes, it was re-designed in 1972 by the famous Architect Donald Harradine. He used the area's natural characteristics and benefits to create a real architectonic success.

On your way back towards the Hotel you will stop for dinner at the Ski Pass Restaurant in the enchanting locality of Kranjska Gora. You'll have dinner in this beautiful restaurant situated very close by the center of Kranjska Gora, where everything is superb. You can enjoy the tartar of deer, the cheek lard of wild boar and the sole. All the plates are marvellously served and the matching of the flavours is done with care (we recommend "il salute della cucina": a dish with roast beef, pears and mustard). Very good and kind service.

After another night at the Hotel Altro Gusto and after breakfast, you'll go to play golf at the Schloss Finkenstein's Golf Club: a stunning panoramic Golf field at the Finkenstein's Castel in Faaker See. For your very special experience of golfing in the center of the region Carinzia. A 18 tiptop holes track with a breath taking panorama on the mountains: Caravanche, Mittagskogel and Dobratsch. And last but not least the city of Villach. Captivating land spaces with wide open areas full of character, little level differences and wide fairway and perfect greens make Schloss Finkenstein so unique. For beginners and professional players.

Back to Tarvisio for dinner at the restaurant l'Altro Gusto, a sensational Pizza gourmet tasting will be served to you! The restaurant l'Altro Gusto it's located in Tarvisio and it is a very bright and well cured place. There is a big culinary selection, from the hamburgers, to the first course plates and to the admired pizza.

NOMEN OMEN- The name of the restaurant reveals the philosophy based on the excitement for the creation of the new dishes with original flavours. This desire of innovation is the solid base of the entire menu, especially for the pizza, that is made with a light long rise dough, and lots of high quality ingredients.

THE CUISINE- Even the first and second course plates are served in a particular and fun way, prepared with fresh and different ingredients.

Time to go to sleep, to rest and get ready for the day after: the last day of golf!

For the last round of Golf you will play at the Senza Confini Tarvisio's Golf Club. Situated on the upland of Priesnig, the Senza Confini Club it is a natural green oasis in between sweets slopes and rocky mountains, with a 360° view.

It is surrounded by the millenary forest of Tarvisio with its secular trees: beeches, firs and larches. The change of the season donates to the field every time a different show, since it reaches the peak in the autumn when it's a jubilation of colours. Here the eagles fly and peace and silence dominate the area.

The player has to follow a various course: some holes are located in flatland where the green of the fairways become sparkly and some green are a soft colour, surrounded by trees, ponds reflecting the blue sky and the Mountain Mangart.

The highest holes' course goes through the forest, so the soundtrack of your game is the twitting of the little birds. The holes at the bottom part of the breath-taking course extend towards Austria and Slovenia in the north and towards the Valcanale at south.

Golf & Mountains > 5 days / 4 nights

The most suggestive part of the day to play golf is at the sunset: when the light , while the sun goes down, gives a magic touch almost as in a fable.

How to describe the moment, after a storm when you can go back outside and play... you'll find yourself in front of two perfect rainbows spaced in between the Fusine's Lakes, with water that reflect as mirrors and concede this natural show.

After the cocktail hour at the golf club, back for the last dinner at the restaurant l'Altro Gusto where the chef and golfer Francesco suggests his phenomenal food tasting!

Your vacation it is now at the end and after a succulent breakfast you can go back to your home!
